02 · CORE EXPLANATION

What to Notice First

1. And I'm Jiho. 안녕하세요. By the end of this lesson, you'll catch 요일, 날짜 and 시간 the moment you hear them.

2. Here's a question we hear all the time. Why does Korean use two different number sets just to tell the time?

3. Good question. In 두 시 삼십 분, two thirty, the hour is a native Korean number and the minutes are a Sino-Korean number. In the listening section, that mix goes by very fast.

4. So today's point is simple. Three word groups. 요일, the days of the week. 날짜, dates. And 시간, times. TOPIK I asks about them constantly, in schedules, appointments and shop hours.
