02 · CORE EXPLANATION

What to Notice First

- 반갑습니다, 지호입니다. Both of these expressions add one fact on top of another, and they show up constantly in TOPIK Two reading, writing, and grammar questions.
- Here is the question English speakers always ask us. If both endings mean not only A, but also B, how do we know which one feels more natural in a sentence, and what is the trap on the exam.
- 좋은 질문이에요. At first glance they look interchangeable, but their register and subject rules have subtle differences that TOPIK loves to test.
- 오늘의 핵심을 정리해 볼게요. The ending 을 뿐만 아니라 is great for both spoken and formal written Korean, especially TOPIK essays, while the ending 는 데다가 feels conversational and piles one situation onto another to explain a result.
